

M5W Micro Reel Small But Mighty!

M5W Micro Reel
#M5W-1202

This small compact Micro reel delivers everything you need to perform quick inspections in pipes ranging from 1 1/2" to 3" diameter and up to one hundred feet in length. Weighing in at only 15 pounds makes this camera perfect for easy portability. The system comes equipped with a 512Hz transmitter and a resettable on-screen footage counter. The video is streamed directly to any mobile device which can be used as your monitor. Audio and video can be recorded to your mobile device as well. The files are saved on your device and can then be transferred via Email, Text, or to the Cloud. Its small size and portability make this camera a must for every plumber.
